Milieu- en veiligheidsbeleid Airtricity

Airtricity's Environmental, Health and Safety visions align with Airtricity's overall strategic intent ... to become the leader in our industry. At Airtricity we believe that we should always strive for excellence, in particular when the risks belong to our greatest assets – our employees and our environment.

Airtricity Safety Policy

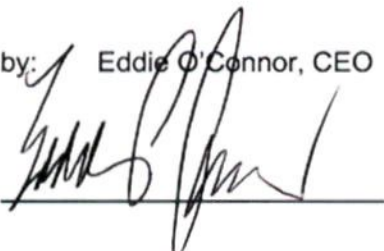

Airtricity has established an EHS policy which reflects our commitment to EHS and outlines the broad principals that Airtricity expects from all persons who plan or carry out any activity on behalf of Airtricity to live by to. These are as follows:

- To operate our business in an environmentally and socially responsible manner
- To protect the health and safety of our employees, contractors, visitors and others affected by our activities by the provision and maintenance of safe and healthy workplaces
- To identify, evaluate and control any health, safety or environmental risks with the principle goal of avoidance of risk where reasonably practicable.
- To conduct our business activities in compliance with all applicable health, safety and environmental regulations.
- To promote environmental, health and safety awareness to our employees, contractors, visitors and customers.
- To promote and develop a culture of continuous environmental, health and safety improvement amongst employees and contractors.
- To provide all employees with the information, instruction, training and supervision they need to work safely and efficiently and in accordance with any safety systems or specifically designed methods of work.
- To work pro-actively with local authorities and the community at large to progress EHS initiatives and exchange best practice
- To undertake regular safety and environmental audits and inspections of the workplace.
- To review our EHS Management system annually to ensure continued commitment and improving performance.

Our health, safety and environmental guiding principles reflect the aim of prevention of any accidents, ill health, dangerous occurrence or harm to the environment that has the potential to arise from our activities.

The Environmental, Health and Safety Statement gives effect to this Policy and will be circulated to all employees or as appropriate. It is prepared in line with the requirements of the Safety, Health and Welfare at Work Act 1989 and associated Regulations and Standards. All personnel will be notified of any revision to this EHS Statement, which may take place from time to time.
